St. Mary Cathedral School

*Learning Today . . .
Leading Tomorrow*

*We
believe in
your child's
future.*

YOUR CHILD'S EDUCATION IS OUR NUMBER ONE PRIORITY

Give your child an education that's firmly founded in values and faith.

Of the many important decisions you'll make in life, few are more significant than the ones that affect your children. And of all those choices, selecting a school may well prove to be the most important.

Early on, the choice of a school might not seem that consequential. While attending preschool and kindergarten, your children still spend as much time at home as they do at school. But as they grow older, your children spend more and more time out of your care. Their values, their friendships, the things that will guide them for the rest of their lives will be shaped, for the most part, by the school you choose for them.

*As many parents in your community have already discovered, selecting **St. Mary Cathedral School** to provide a faith-based education is an investment that delivers a lifetime of benefits.*

St. Mary Cathedral School **builds character**

Self-esteem and respect for others are critical attributes to a happy, successful life, and our school expands upon and supports the important lessons you teach your children at home. Expectations are high and your children grow as they reach for them.

St. Mary Cathedral School **instills confidence**

As they grow, your children will come to believe in themselves and their capabilities. We treat every child as an individual with unique gifts and we teach them to welcome every challenge with strength, faith, and confidence.

St. Mary Cathedral School **encourages scholarship**

We offer your children a diverse and challenging curriculum, the freedom to learn in a dynamic, distraction-free environment, and the encouragement and confidence to push themselves academically. Our school provides a solid foundation for success in higher education.

St. Mary Cathedral School **promotes responsibility**

Supporting the values you teach at home, we help your children develop a strong sense of self, a profound understanding of the difference between what is right and what is not, and an unmistakably Christian sense of personal accountability.

St. Mary Cathedral School **fosters leadership**

In our classrooms and our chapel, on our stage, courts and fields of play, we provide the challenges that help your children develop the independence and confidence to stand alone, and the ability to contribute.

St. Mary Cathedral School **encourages participation**

The ability to pitch in, to take part, to become an integral part of a greater effort is key to success as a student and as an adult. Helping your children build strong and honest relationships through participation with others is an important lesson. We advocate active student participation in school activities and we welcome your involvement in the ongoing education of your children.
